## Stream Usage Survey

1. Stream Name (Please enter the full name)

2. County (Please enter the county or counties where the use occurs)

3. City or Town (Please enter city or town closest to the area of use)

4. Where do you use the stream? If use occurs in multiple locations, please list them all below. (Please be specific so the location can be identified on a map, e.g., 9th Street Bridge, Anytown City Park, Quarter Section-Township-Range, Latitude/Longitude, etc).

I'm responding in support for protection of the water quality of all waterways in MO as a whole regardless of criteria, ie body-contact activities. I hike and use the whole watershed environment experience (air, water, ground and vegetative qualities). This land-use activity should be considered equally with body-contact activities when proposing changes to

5. Have you or your family personally used the stream at this site(s) for recreation since Nov. 28, 1975?

☒ Yes If Yes, go to Question #6 ☐ No If No, go to Question #11

6. Have you or your family personally used the stream at this site(s) for any of the following whole body contact recreation activities? Please select all that apply:

☐ Swimming ☐ Tubing ☐ Snorkling/Skin Diving ☐ Water Skiing

7. How many times per year have you or your family personally used the stream for these activities?

8. Have you or your family personally used the stream at this site(s) for any of the following secondary contact recreation activities? Please select all that apply:

☐ Fishing ☐ Wading ☐ Boating ☐ Trapping

9. How many times per year have you or your family personally used the stream for these activities?

10. How many of these times did children wade or play in the stream?

11. Have you observed or heard of others using the stream at this site(s) for recreation since Nov. 28, 1975?

☐ Yes If Yes, go to Question #12 ☒ No If No, go to Question #17

12. Have you observed or heard of others using the stream at this site(s) for any of the following whole body contact recreation activities? Please select all that apply:

☐ Swimming ☐ Tubing ☐ Snorkling/Skin Diving ☐ Water Skiing

13. How many times per year have you observed or heard of others using the stream for these activities?

14. Have you observed or heard of others using the stream at this site(s) for any of the following secondary contact recreation activities? Please select all that apply:

☐ Fishing ☐ Wading ☐ Boating ☐ Trapping

15. How many times per year have you observed or heard of others using the stream for these activities?

16. How many of these times did you observe or hear of children wading or playing in the stream?

17. Do you have additional comments you would like to provide the department regarding this stream?

We must protect all MO waterways by keeping the hi standards currently enforced under the Clean Water Act(CWA). I'm concerned that deregulated chemical & ag industries' release (& increase) of affluence will become a nuisance for downstream landowners/users/hikers & the environment. I doubt the sewage rates will be lowered as a result of the

AdditionalComments:	We must protect all MO waterways by keeping the hi standards currently enforced under the Clean Water Act(CWA). I'm concerned that deregulated chemical & ag industries' release (& increase) of affluence will become a nuisance for downstream landowners/users/hikers & the environment. I doubt the sewage rates will be lowered as a result of the changes proposed. The trade-off of getting "lower" sewage rates for defiling the environment, watershed and landusers does not justify the proposed changes to the CWA. All waterways lead to the Miss. then to the Gulf of Mex w/an accumulative effect and you must be consider this as well!
